Dear Friend,

Soon, high school seniors will graduate and move on to the next chapter of their lives. While this year's ceremonies will be different due to the COVID-19 pandemic, nothing can change the fact that these students have accomplished something truly amazing.

To honor them for their achievements, I've launched a special website called "[Senator Ritchie's Senior Salute](#)." You can [click here to visit it](#) and view photos of local seniors, along with congratulatory messages submitted by their loved ones.

If you have a high school senior who you would like recognized through my Senior Salute, please [click here](#) to submit their photo, school and a special message.

To the Class of 2020—congratulations. I couldn't be prouder of all you've accomplished and can't wait to see what you do next!

Sincerely,

Senator Patty Ritchie
