

NEW YORK STATE SENATOR

Patty Ritchie

Senator Ritchie's Online Farmers Market Guide

PATTY RITCHIE July 24, 2020

As summer continues, many of our region's farmers markets remain open for business—selling healthy, locally grown fruits, vegetables and other products. Shopping at a local farmers market doesn't just help you to eat more healthy. It's a great way to support our hardworking farmers, too.

Due to the COVID-19 pandemic, our local farmers markets have adapted to make things safer for shoppers, with some offering online ordering and curbside pickup. To learn more about individual markets, click the links below.

This summer and into the fall, I hope you'll take this opportunity to buy fresh, healthy food at any one of our local farmers markets. If you know of a market that's not listed, please send details to ritchie@nysenate.gov.
