LONG ISLAND CITY – Senate Deputy Leader Michael Gianaris joined Frontline Foods, Food First, and Queensbridge 696 to distribute meals to residents in Queensbridge Houses on Thursday. While there, Senator Gianaris also toured a covid-19 testing site at the Jacob Riis Neighborhood Settlement House.

“In these challenging times, it is uplifting to see so many neighbors helping neighbors and I was glad to join their efforts today,” said **Senate Deputy Leader Michael Gianaris**. “Equally impressive was the coronavirus testing site at Jacob Riis Neighborhood Settlement House. I encourage all New Yorkers to continue wearing masks and washing their hands but also to be tested – it is free and easy and helps keep us all safe.”
