Team Biaggi distributed 1,500 masks to Bronx House

ALESSANDRA BIAGGI July 14, 2020

On July 14th, Team Biaggi distributed 1,500 masks to Bronx House! Bronx House has opened their doors and these reusable masks will go along way for staff and members. Team Biaggi was also able to see the weekly meals Bronx House receives through our partnership with RethinkNYC! RethinkNYC has provided thousands of meals and now milk to our constituents in the Bronx. Thank you to both of these extraordinary organizations for your continued collaboration.
