

NEW YORK STATE SENATOR

Pamela Helming

Statement from Senator Helming: I Will Continue to Fight for our Seniors and Families

PAMELA HELMING February 12, 2021

“We need a full investigation. We need to end the Governor’s emergency powers. And we need to remember that these 15,000 seniors are not data points. They are people, and I will continue to fight for the answers and accountability their families deserve. I will also continue to fight to reunite our nursing home residents with their families. My constituents want to know when they can see their parents and grandparents. We need that answer too.”

Senator Helming Calls on State to Act on Nursing Home Visitation:
