ALESSANDRA BIAGGI May 28, 2021

ALBANY, NY – This week, Senator Alessandra Biaggi and the Senate Democratic Majority advanced legislation to support and protect the rights of elder New Yorkers. This package will prohibit termination of tenancy in certain senior housing facilities, establish the Office of Older Adult Workforce, encourage entrepreneurship for seniors, establish an elder abuse aftercare program, and protect consumers with the creation of the State Office of the Utility Consumer Advocate. These bills will also require elder abuse training for senior service providers, the public posting of a senior trail guide, expanding Medicare eligibility, and will raise the income eligibility limit for rent increase exemptions.

State Senator Alessandra Biaggi (D-Bronx/Westchester) issued the following statement:

q

“We always have an obligation to look after our elders, especially when they find themselves in vulnerable and traumatic situations. Elder abuse is tragically widespread, and it is imperative that our seniors have access to help and resources if they are ever facing abuse or neglect. Creating the nation’s first temporary elder abuse shelter here in the Bronx will allow New York State to lead and show how best to keep our elders safe, by setting an example for the entire country. ”
