

NEW YORK STATE SENATOR

George M. Borrello

Statement by Senator Borrello on the Attorney General's Report

GEORGE M. BORRELLO August 3, 2021

| ISSUE: **SEXUAL HARASSMENT, GOVERNOR CUOMO, IMPEACHMENT**

“Today’s report by the New York State Attorney General is confirmation that Governor Cuomo is guilty of sexual harassment. The details in that report are even more disturbing than we could have imagined. The courageous young women who put their careers and reputations on the line in telling their stories are vindicated and have done an important service to our state and to women everywhere.

“Now that the Attorney General has conducted the due diligence that the Governor himself asked for, he needs to resign immediately. If he refuses, the Democrat-led majorities in the Senate and Assembly must demonstrate the leadership this moment demands and begin impeachment proceedings.”
