

NEW YORK STATE SENATOR

James Tedisco

Statement from Senator Jim Tedisco (R,C-Glenville) on AG Report

SENATOR JIM TEDISCO August 3, 2021

“This is truly a disappointing day for all New Yorkers but an important one to begin to provide some closure for all the women who were victims of this Governor’s actions. The New York State Attorney General’s disturbing report confirms what I’ve been saying for months, that Andrew Cuomo must be impeached and removed from office immediately. Enough is enough!”
