Senator Helming Statement on Attorney General's Report

PAMELA HELMING August 3, 2021

"First and foremost, I applaud the women who have shown great bravery in speaking out. Every New Yorker should read the AG's report. No person should be subjected to harassment of any kind, especially by a leader in state government. The Democratic Majorities need to call the Legislature back to session immediately so that we can act on impeachment and begin to restore trust and confidence in state government. This is not a Democrat or Republican issue. It's a choice between right and wrong."
