Joseph P. Addabbo Jr.

Dozens come to Forest Hills to test their COVID-19 antibodies at Addabbo and Stavisky event

SENATOR JOSEPH P. ADDABBO, JR. December 20, 2021

| ISSUE: **COMBATING COVID-19, COVID-19 ANTIBODY TESTING, COMMUNITY EVENT, ADDABBO**

The COVID-19 antibody testing event on Sunday, December 19, sponsored by State Senators Joseph P. Addabbo, Jr. and Toby Ann Stavisky, brought in over 60 residents to the Bukharian Jewish Community Center in Forest Hills to test their COVID antibodies.

“I want to thank Senator Joseph P. Addabbo, Jr. and Valhalla Medics for enabling Queens’ residents to determine their COVID-19 status,” State Senator Toby Anna Stavisky said.

“Senator Addabbo and I both represent Rego Park and Forest Hills but COVID does not care about political boundaries. The tests are an important weapon in fighting the surge and our communities will benefit immeasurably.”

“These COVID antibody testing events continue to prove to be some of the most popular events of the year,” Addabbo added. “My thanks go out to Senator Stavisky for co-sponsoring this great event in the Forest Hills community, to Valhalla Medics for another successful event, as well as the Bukharian Jewish Community Center for providing us with the space and to Diana with Yesodot for her help in organizing the event.”
