

NEW YORK STATE SENATOR
Edward A. Rath III

Senator Rath has Opportunity to Speak with Newly Appointed Health Commissioner

EDWARD A. RATH III January 20, 2022

| ISSUE: **HEALTH COMMITTEE, SENATE HEALTH COMMITTEE**

Transparency in our government is critical. Unfortunately, when it has come to the pandemic, the State has not always been forthcoming with benchmarks and data. Today I had the opportunity to bring this issue up with the newly appointed health commissioner. Residents deserve to have clear data on the pandemic and with this transparency, trust can be restored.
