Addabbo reflects on horrors of World War II on International Holocaust Remembrance Day

SENATOR JOSEPH P. ADDABBO, JR. January 27, 2022

| ISSUE: **INTERNATIONAL HOLOCAUST REMEMBRANCE DAY, WWII VETERANS, JEWISH COMMUNITY, ADDABBO**

“On this International Holocaust Remembrance Day we take time to reflect and remember the millions of Jewish people who were senselessly murdered during World War II. We have an obligation to remember this horrid atrocity to not only keep the alive memories of those who were killed, but to ensure that we never see anything like that happen again in our world. With anti-Semitic attacks on our Jewish neighbors still on the rise all across the country, it is vital that we work together to end this violence and learn to live together in peace.”
