

NEW YORK STATE SENATOR

Daniel G. Stec

Stec Slams Democrats for Hyper-Partisan Redistricting

DANIEL G. STEC February 3, 2022

“In 2014, voters across our state overwhelmingly supported a constitutional amendment for a independent redistricting process. Instead of heeding that, Senate Democrats moved forward with gerrymandering at its absolute worst.

“Rather than use public testimony and the maps of the Independent Redistricting Commission, they worked behind closed doors to preserve and expand their own political power base.

“This isn’t how our democracy should function, and is another sign of how one-party control of government continues to fail our state.”

Video of Senator Stec explaining his vote against redistricting can be found here:
