

NEW YORK STATE SENATOR

Pamela Helming

Senator Helming Joins Pace Electronics to Celebrate Expansion

PAMELA HELMING June 9, 2022

Senator Helming congratulates Pace Electronics on its expansion in Williamson, Wayne County!

"Congratulations to CEO Dawn Smith and the entire Pace Electronics team on this expansion. Thank you for your investment in our local economy and for your commitment to creating great job opportunities for our residents. Projects like this underscore the importance of public-private collaboration, especially when it comes to growing our small businesses and manufacturers."

Pace is a global company that could do business anywhere, but it chose to expand in Wayne County and the Finger Lakes because of the incredible workforce talent we have here.

As a big proponent of Made in America, I'm especially pleased to hear Dawn talk about building their state-side manufacturing capabilities through this facility. We need to do everything we can to make it possible for manufacturers to produce more products here in the United States and grow more jobs."
