

NEW YORK STATE SENATOR

Kevin Thomas

ICYMI: Senator Thomas Statement on Executive Budget Housing Proposal

KEVIN THOMAS February 2, 2023

Senator Thomas' Statement on Executive Budget Housing Proposal

"I respect the Governor's commitment to bolstering affordable housing in New York. As a State Representative on Long Island, I look forward to working with the Governor to ensure that any final plan maintains local input and control over housing development. Each community in our State is different – and we, as community members – know their needs the most. I look forward to working on this budget and legislative session's many critical housing issues to ensure we fulfill our important responsibility to help provide a safe and affordable roof over the heads of all New Yorkers."
