New York State Grant Opportunities

Volunteer Fire Assistance (VFA) Grants Cooperative Forestry Assistance Act of 1978 Volunteer Fire Assistance 2021 VFA Grant Information

Program Summary

The Volunteer Fire Assistance Grant (VFA) program is made possible by the Federal Cooperative Forestry Assistance Act of 1978. The grant is a 50/50 matching funds program. Its purpose is to make funds available to rural fire companies for the purchase of wildland firefighting equipment such as portable backpack pumps, Nomex protective clothing, hand tools, hard hats, hose, portable radios and dry hydrants.

Program Funding

The Volunteer Fire Assistance Grant program is funded by the U.S. Forest Service and administered by the New York State Department of Environmental Conservation (The Department). New York State was named a grant recipient of \$603,581 for the 2021 federal fiscal year.

Match Requirement

Fire departments eligible to apply may receive grant funding up to \$1,500 for the purchase of firefighting equipment. Fire departments are required to equally match (50/50) the amount of the grant award. As an example, a fire department is required to spend up to \$3,000 on the purchase of approved firefighting equipment in order to be reimbursed an equal grant amount up to \$1,500.

Eligibility Criteria

1. A single fire department serving a rural area or rural community with a population of 10,000 or less is eligible (latest census).
2. Area fire departments (fire districts, townships, etc.) may serve an aggregate population of greater than 10,000 as long as the service area of the fire department includes a rural area or rural community having a population of 10,000 or less. The VFA funding must be used to benefit the rural population.
3. A single county or town with a population of over 10,000 that is served by two or more fire districts operating entirely within the bounds of the county or town may qualify as long as the service area of a given fire department includes a rural area or rural community, or the population of the fire department's jurisdiction is 10,000 or less. The VFA funding must be used for the rural area.
4. A single community with a population greater than 10,000 and having a single fire department with one or more fire stations may qualify. The fire department must have a service area that includes a rural area or community that does not exceed 10,000. The VFA funding must be used only for the benefit of the rural population. Similarly, a single community with a population greater than 10,000 that also provides fire protection to an adjoining rural community of 10,000 or less population by contract may also be eligible, provided the VFA funding is used entirely to support the rural community.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

5. A single community fire department serving a population greater than 10,000 and not providing protection to a rural area or to a rural community is not eligible for VFA financial assistance.

A fire department's success or failure in receiving a grant is based on a point system with points received for:

- Population (ex: less than 1,000 = 10 points; 1,000-2,000 = 9 points, and so on)
- I.S.O. rating (ex: rating of 9 = 10 points; 5/5x = 5 points; 8 or less = 1 point)
- Newly organized department = 10 points
- Native American Indian community in protection area = 10 points
- Points will be deducted on a pro-rated basis from the total of these four factors if a grant was awarded to the fire department within the last five years.
- A point for use in future years will be added for each year the applicant submits a VFA grant application and does not receive a grant award.
- Only one application per local jurisdiction will be considered.
- Only expenses directly related to fire suppression are eligible for funding [purchasing portable pumps, portable backpack pumps, hand tools, hose, light-weight fireproof clothing (Nomex), hard hats, turnout gear, personal protective equipment, portable radios, generators and dry hydrants]. Grant funding cannot be applied to any single item costing \$5,000 or more.
- Expenditures not directly related to firefighting, such as search and rescue, acquisition of land, construction of buildings and facilities, major apparatus purchases and maintenance items are not eligible for funding.
- Upon notification of receiving a VFA grant award, fire departments are required to complete all grant process paperwork by November 1, 2021. This process includes: purchasing equipment, providing copies of invoices as proof of purchase, and scheduling an equipment inspection by a local NYS Forest Ranger.

Applications

The application deadline is June 30, 2021. (This is an annual grant which will recur every year.) Applications will be accepted by mail at:

NYS Department of Environmental Conservation
Division of Forest Protection
625 Broadway, 3rd Floor
Albany, NY 12233-2560

E-mail to: vfagrant@dec.ny.gov

If sending electronically, save the application and send as an attachment.

The New York State Emergency Services Revolving Loan Program

Information for Individual Applicants

The New York State Emergency Services Revolving Loan Account was established under 97-pp of the State Finance Law to make loans to cities, villages, fire districts, counties, towns, and not-for-profit fire/ambulance corporations at an annual fixed interest rate of 2.5 percent. Principal and interest payments made by recipients are deposited in the Revolving Loan Account and loaned once again to new applicants. Therefore, funding levels in the account will vary throughout the year depending upon the amount of repayment money, interest accrued, and number of new loans made.

Please do not consider this program your sole source of financing, and use some long-range planning when submitting a request. Sufficient funds are not always available to cover all approved requests at the time of a meeting and, therefore, some loan requests may be approved pending the availability of funds. All applicants will be notified in writing as to the status of their request, and money will be paid out as cash becomes available.

Who May Apply?

A city, village, fire district, or incorporated not-for-profit fire/ambulance company is eligible to apply for a loan. Where a fire protection district exists, a town or a county may apply subject to the limitations specified in Town Law 184 and County Law 225-a.

What Purposes Are Covered Under The Loan Program?

1. Firefighting apparatus

Elevated equipment, pumpers, tankers, ladder trucks, hazardous materials emergency response vehicles, or other such specially equipped motor vehicles used for fire protection, together with the fixtures and appointments necessary to support their functions.

Amount: \$375,000 or 75 percent of cost, whichever is less

2. Ambulances or rescue vehicles

Motor vehicles equipped and used to support fire and emergency services operations; includes a vehicle specifically for carrying accessory equipment.

Amount: \$225,000 or 75 percent of cost, whichever is less

3. Personal Protective Equipment (PPE) and/or communications equipment

Clothing and devices that comply with OSHA standards used to protect personnel who provide emergency services from injury; includes, but is not limited to, helmets, coats, boots, eye shields, gloves, and self-contained respiratory protection devices; voice or original transmission system or telemetry system used to enhance firefighter safety on the grounds of a fire or other emergency.

Amount: Not to exceed \$200,000 for either category, individually or combined

4. Repair of firefighting apparatus, ambulances, or rescue vehicles

Amount: \$200,000 or 100 percent of cost, whichever is less

5. Accessory equipment

Equipment necessary to support firefighting or emergency rescue activities that is not communication equipment, protective equipment, or motor vehicles.

Amount: Not to exceed \$125,000

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

6. **Renovation, rehabilitation, or repair of facilities that house firefighting equipment, ambulances, rescue vehicles, and related equipment**
Amount: \$250,000 or 75 percent of cost, whichever is less
7. **Construction costs of facilities that house firefighting equipment, ambulances, rescue vehicles, and related equipment**
Amount: \$500,000 or 75 percent of cost, whichever is less (may not be used for designs, planning, applications, or other costs not directly related to land purchase or constructions)
8. **Construction costs associated with the establishment of facilities for the purpose of live fire training**
Amount: \$250,000 or 75 percent of cost, whichever is less

What Factors Does the Division of Homeland Security and Emergency Services (DHSES) Take Into Consideration?

1. DHSES must give preference to applications that demonstrate the greatest need and to those that will be applied toward attaining compliance with federal and State laws.
2. Loan approvals must be equally distributed among all sectors of the emergency services community and all geographic areas of the State.
3. At least 50 percent of loans must be to applicants whose fire protection or ambulance service members are exclusively volunteers.

Ineligibility

Applications will not be approved if the applicant is in arrears on any prior loan granted under §97-pp, or used State funds to repay all or part of any loan made under §97-pp in the prior ten years.

Loan requests to pay off existing loans, financing charges, or lease agreements will not be considered. This is a procurement program and is not to be used for reimbursement of costs already incurred.

Restrictions

Applicants may only apply in one category, and no applicant shall receive a loan more than once in any five-year period.

How Do I Apply?

Applications:

- Fire District, Municipality, Town or County - Individual
- Fire District, Municipality, Town or County - Joint
- Incorporated Not-For-Profit Fire/Ambulance Companies - Individual
- Incorporated Not-For-Profit Fire/Ambulance Companies - Joint

Federal Grant Opportunities

Assistance to Firefighters Grants (AFG)

AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security (DHS)

ACTION:

Notice.

SUMMARY:

Pursuant to the Federal Fire Prevention and Control Act of 1974, as amended, the Administrator of FEMA is publishing this notice describing the fiscal year (FY) 2020 Assistance to Firefighters Grant (AFG) Program application process, deadlines, and award selection criteria. This notice explains the differences, if any, between these guidelines and those recommended by representatives of the national fire service leadership during the annual meeting of the Criteria Development Panel, which was held December 11, 2019. The application period for the FY 2020 AFG Program was January 4, 2021 through February 12, 2021, and was announced on the AFG website at: <https://www.fema.gov/grants/preparedness/firefighters>, as well as at www.grants.gov.

DATES:

Grant applications for the FY 2020 AFG Program were accepted electronically at <https://go.fema.gov>, from January 4, 2021, through February 12, 2021, at 5:00 p.m. Eastern Standard Time. (This is an annual grant which will recur every year.)

ADDRESSES:

Assistance to Firefighters Grant Branch, DHS/FEMA, 400 C Street SW, 3N, Washington, DC 20472-3635

FOR FURTHER INFORMATION, CONTACT:

Catherine Patterson, Branch Chief, Assistance to Firefighters Grant Branch, 1-866-274-0960

SUPPLEMENTARY INFORMATION:

The AFG Program awards grants directly to fire departments, non-affiliated emergency medical services (EMS) organizations, and State Fire Training Academies (SFTAs) for the purpose of enhancing the health and safety of first responders and improving their abilities to protect the public from fire and fire-related hazards.

Applications for the FY 2020 AFG Program were submitted and processed online at <https://go.fema.gov>. Before the application period started, the FY 2020 AFG Program Notice of Funding Opportunity (NOFO) was published on FEMA's AFG Program website. The AFG Program website provides additional information and materials useful for FY 2020 AFG Program applicants including Frequently Asked Questions, Application Checklist, Get Ready Guide Narrative, Self-Evaluation Sheets for Vehicle Acquisition and Operations Safety, and a Cost Share Calculator. Based on past AFG Program application periods, FEMA anticipates receiving 10,000 to 15,000 applications for the FY 2020 AFG Program, and the ability to award approximately 2,000 grants.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

Congressional Appropriations

For the FY 2020 AFG Program, Congress appropriated \$355 million (Consolidated Appropriations Act, 2020, Pub. L. 116-93). From this amount, \$319.5 million will be made available for FY 2020 AFG Program awards. In addition, Section 33 of the Federal Fire Prevention and Control Act of 1974, as amended (15 U.S.C. 2229), requires that a minimum of 10 percent of available funds be expended for Fire Prevention and Safety (FP&S) Program grants. FP&S Program awards will be made directly to local fire departments and to local, regional, State, or national entities recognized for their expertise in the fields of fire prevention and firefighter safety research and development. Funds appropriated for FY 2020 will be available for obligation and award until September 30, 2021.

The Federal Fire Prevention and Control Act of 1974 further directs FEMA to administer these appropriations according to the following requirements:

- Career fire departments: Not less than 25 percent of available grant funds.
- Volunteer fire departments: Not less than 25 percent of available grant funds.
- Combination fire departments and departments using paid-on-call firefighting personnel: Not less than 25 percent of available grant funds.
- Open competition (career, volunteer, and/or combination fire departments and departments using paid-on-call firefighting personnel): Not less than 10 percent of available grant funds awarded.
- EMS providers including fire departments and nonaffiliated EMS organizations: Not less than 3.5 percent of available grant funds awarded, with nonaffiliated EMS providers receiving no more than 2 percent of the total available grant funds.
- SFTAs: Not more than 3 percent of available grant funds shall be collectively awarded to SFTA applicants, with a maximum of \$1 million per applicant.
- Vehicles: Not more than 25 percent of available grant funds may be used for the purchase of vehicles; 10 percent of those vehicle funds will be dedicated to the funding of ambulances. Vehicle funds will be distributed as equally as possible among urban, suburban, and rural community applicants.
- Micro grants: This is a voluntary funding limitation choice made by the applicant for requests submitted within the operations and safety activity; it is not an additional funding opportunity. Micro grants are awards that have a federal participation (share) that does not exceed \$50,000. Only fire departments and nonaffiliated EMS organizations are eligible to choose micro grants, and the only eligible micro grant requests are for training, equipment, personal protective equipment (PPE), and wellness and fitness activities. Applicants that select micro grants as a funding opportunity may receive additional consideration for award. If an applicant selects micro grants in their application, they will be limited in the total amount of funding their organization can be awarded; if they are requesting funding in excess of \$50,000 federal participation, they should not select micro grants.

Background of the AFG Program

Since 2001, the AFG Program has helped firefighters and other first responders obtain critically needed equipment, protective gear, emergency vehicles, training, and other resources needed to protect emergency personnel and the public from fire and related hazards. FEMA awards grants on a competitive basis to the applicants that best address the AFG Program's priorities and provide the most compelling justification. Applications that best address AFG Program priorities, as identified in the Application Evaluation Criteria, will be reviewed by a peer review panel composed of fire service personnel.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

The AFG Program has three program activities:

- Operations and Safety
- Vehicle Acquisition
- Regional Projects

The priorities for each activity are fully outlined in the NOFO.

Application Evaluation Criteria

Prior to making a grant award, FEMA is required by 31 U.S.C. 3354, as amended by the Payment Integrity Information Act of 2019, Public Law 116-117 (2020), 41 U.S.C. 2313, and 2 CFR 200.206, to review information available through any Office of Management and Budget (OMB) designated repositories of government-wide eligibility qualification or financial integrity information. Therefore, application evaluation criteria may include the following risk-based considerations of the applicant: (1) Financial stability; (2) quality of management systems and ability to meet management standards; (3) history of performance in managing federal awards; (4) reports and findings from audits; and (5) ability to effectively implement statutory, regulatory, or other requirements.

FEMA will rank all complete and submitted applications based on how well they match program priorities for the type of jurisdiction(s) served. Answers to activity specific questions provide information used to determine each application's ranking relative to the stated program priorities.

Funding priorities and criteria for evaluating AFG Program applications are established by FEMA based on the recommendations from the Criteria Development Panel (CDP). CDP is comprised of fire service professionals who make recommendations to FEMA regarding the creation of new, or the modification of previously established, funding priorities, as well as developing criteria for awarding grants. The content of the NOFO reflects implementation of CDP's recommendations with respect to the priorities and evaluation criteria for awards.

The nine major fire service organizations represented on the CDP are:

- International Association of Fire Chiefs
- International Association of Fire Fighters
- National Volunteer Fire Council
- National Fire Protection Association
- National Association of State Fire Marshals
- International Association of Arson Investigators
- International Society of Fire Service Instructors
- North American Fire Training Directors
- Congressional Fire Service Institute

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

Review and Selection Process

AFG Program applications are reviewed through a multi-phase process. All applications are electronically pre-scored and ranked based on how well they align with the funding priorities outlined in this notice. Applications with the highest pre-score rankings are then scored competitively by (no less than three) members of a Peer Review Panel. Applications will also be evaluated through a series of internal FEMA review processes for completeness, adherence to programmatic guidelines, technical feasibility, and anticipated effectiveness of the proposed project(s). Below is the process by which applications will be reviewed:

i. Pre-Scoring Process

The application undergoes an electronic pre-scoring process based on established program priorities listed within the NOFO and answers to activity specific questions within the online application. Application narratives are not reviewed during pre-scoring. Request details and budget information should comply with program guidance and statutory funding limitations. The pre-score is 50 percent of the total application score.

ii. Peer Review Panel Process

Applications with the highest pre-score will undergo peer review. The peer review is comprised of fire service representatives recommended by the organizations represented on the CDP. The panelists assess the merits of each application based on the narrative section of the application, including the evaluation elements listed in the Narrative Evaluation Criteria below. Panelists independently score each project within the application, discuss the merits and/or shortcomings of the application with their peers, and document the findings. A consensus is not required. The panel score is 50 percent of the total application score.

iii. Technical Evaluation Process

The highest ranked applications are considered within the fundable range. Applications that are in the fundable range undergo both a technical review by a subject matter expert, as well as a FEMA AFG Branch review prior to being recommended for an award. The FEMA AFG Branch will assess the request with respect to costs, quantities, feasibility, eligibility, and recipient responsibility prior to recommending an application for award. Once the technical evaluation process is complete, the cumulative score for each application will be determined and FEMA will generate a final ranking of applications. FEMA will award grants based on this final ranking and the statutorily required funding limitations listed in this notice and the NOFO.

Narrative Evaluation Criteria

1. Financial Need (25 Percent)

Applicants should describe their financial need and how consistent it is with the intent of the AFG Program. This statement should include details describing the applicant's financial distress, summarized budget constraints, unsuccessful attempts to secure other funding, and proof that their financial distress is out of their control.

2. Project Description and Budget (25 Percent)

This statement should clearly explain the applicant's project objectives and the relationship between those objectives and the applicant's budget and risk analysis. The applicant should describe the activities, including program priorities or facility modifications, ensuring consistency with project objectives, the applicant's mission, and any national, State, and/or local requirements. Applicants should link the proposed expenses to operations and safety, as well as the completion of the project goals.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

3. Cost Benefit (25 Percent)

Applicants should describe how they plan to address the operations and personal safety needs of their organization, including cost effectiveness and sharing assets. This statement should also include details about gaining the maximum benefits from grant funding by citing reasonable or required costs, such as specific overhead and administrative costs. The applicant's request should also be consistent with their mission and identify how funding will benefit their organization and personnel.

4. Statement of Effect on Daily Operations (25 Percent)

This statement should explain how these funds will enhance the applicant's overall effectiveness. It should address how an award will improve daily operations and reduce the applicant's risks. Applicants should include how frequently the requested items will be used, and in what capacity. Applicants should also indicate how the requested items will help the community and increase the organization's ability to save additional lives or property. Jurisdictions that demonstrate their commitment and proactive posture to reducing fire risk, by explaining their code enforcement (to include Wildland Urban Interface code enforcement) and mitigation strategies (including whether or not the jurisdiction has a FEMA-approved mitigation strategy) may receive stronger consideration under this criterion.

Eligible Applicants

Fire Departments: Fire departments operating in any of the 50 states, as well as fire departments in the District of Columbia, the Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of Puerto Rico, or any federally-recognized Indian Tribe or Tribal organization.

A fire department is an agency or organization having a formally recognized arrangement with a state, territory, local, or Tribal authority (city, county, parish, fire district, township, town, or other governing body) to provide fire suppression to a population within a geographically fixed primary first due response area.

Nonaffiliated EMS organizations: Nonaffiliated EMS organizations operating in any of the 50 states, as well as the District of Columbia, the Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of Puerto Rico, or any federally-recognized Indian Tribe or Tribal organization.

A nonaffiliated EMS organization is an agency or organization that is a public or private nonprofit emergency medical services entity providing medical transport that is not affiliated with a hospital and does not serve a geographic area in which emergency medical services are adequately provided by a fire department.

FEMA considers the following as hospitals under the AFG Program:

- Clinics
- Medical centers
- Medical colleges or universities
- Infirmaries
- Surgery centers
- Any other institutions, associations, or foundations providing medical, surgical, or psychiatric care and/or treatment for the sick or injured.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

State Fire Training Academies: SFTAs operating in any of the 50 states, as well as the District of Columbia, the Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, or the Commonwealth of Puerto Rico. Applicants must be designated either by legislation or by a Governor's declaration as the sole fire service training agency within a state, territory, or the District of Columbia. The designated SFTA shall be the only agency/bureau/division, or entity within that state, territory, or the District of Columbia.

Ineligibility

- To avoid a duplication of benefits, FEMA reserves the right to review all program activities or grant applications where two or more organizations share a single facility. To be eligible as a separate organization, two or more fire departments or nonaffiliated EMS organizations will have different funding streams, personnel rosters, or Employer Identification Numbers (EINs). If two or more organizations share facilities and each submits an application in the same program area (e.g., Equipment, Modify Facilities, PPE, Training, and/or Wellness and Fitness Programs), FEMA will carefully review each program for eligibility.
- Fire-based EMS organizations are not eligible to apply as nonaffiliated EMS organizations. Fire-based EMS training and equipment must be requested by a fire department under the AFG Program component program of Operations and Safety.
- Eligible applicants may submit only one application for each activity (e.g., Operations and Safety, Regional, etc.), but may submit for multiple projects within each activity. Under the Vehicle Activity, applicants may submit one application for vehicles for their department and one separate application to host a Regional vehicle. Duplicate applications (more than one application in the same activity) may be disqualified.
- An Operations and Safety applicant may submit one application for an eligible project (e.g., turn out gear); it may not submit a Regional application for the same project.

Statutory Limits to Funding

- Congress has enacted statutory limits to the amount of funding that a grant recipient may receive from the AFG Program in any single fiscal year based on the population served (15 U.S.C. 2229(c)(2)). Awards will be limited based on the size of the population protected by the applicant, as indicated below. Notwithstanding the annual limits stated below, the Administrator of FEMA may not award a grant in an amount that exceeds one percent of the available grant funds in such fiscal year, except where it is determined that such recipient has an extraordinary need for a grant in an amount that exceeds the one percent aggregate limit.
- In the case of a recipient that serves a jurisdiction with 100,000 people or fewer, the amount of available grant funds awarded to such recipient shall not exceed \$1 million in any fiscal year.
- In the case of a recipient that serves a jurisdiction with more than 100,000 people, but not more than 500,000 people, the amount of available grant funds awarded to such recipient shall not exceed \$2 million in any fiscal year.
- In the case of a recipient that serves a jurisdiction with more than 500,000, but not more than 1 million people, the amount of available grant funds awarded to such recipient shall not exceed \$3 million in any fiscal year.
- In the case of a recipient that serves a jurisdiction with more than 1 million people, but not more than 2.5 million people, the amount of available grant funds awarded to such recipient is subject to the one percent aggregate cap of \$3.55 million for FY 2020, but FEMA may waive this aggregate cap in individual cases where FEMA determines that a recipient has an extraordinary need for a grant that exceeds the aggregate cap; if FEMA waives the aggregate cap, the amount of grant funds awarded to such recipient shall not exceed \$6 million for any fiscal year.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

- In the case of a recipient that serves a jurisdiction with more than 2.5 million people, the amount of available grant funds awarded to such recipient is subject to the one percent aggregate cap of \$3.55 million for FY 2020, but FEMA may waive this aggregate cap in individual cases where FEMA determines that a recipient has an extraordinary need for a grant that exceeds the aggregate cap; if FEMA waives the aggregate cap, the amount of grant funds awarded to such recipient shall not exceed \$9 million for any fiscal year.
- FEMA may not waive the population-based limits on the amount of grant funds awarded as set by 15 U.S.C. 2229(c)(2)(A).

The cumulative total of the federal share of awards in Operations and Safety, Regional, and Vehicle Acquisition activities will be considered when assessing award amounts and any limitations thereto. Applicants may request funding up to the statutory limit on each of their applications.

For example, an applicant that serves a jurisdiction with more than 100,000 people, but not more than 500,000 people, may request up to \$2 million on their Operations and Safety Application, and up to \$2 million on their Vehicle Acquisition request. However, should both grants be awarded, the applicant would have to choose which award to accept if the cumulative value of both applications exceeds the statutory limits.

Cost Sharing and Maintenance of Effort

Grant recipients must share in the costs of the projects funded under this grant program as required by 15 U.S.C. 2229(k) (1) and in accordance with applicable federal regulations at 2 CFR part 200, but they are not required to have the cost-share at the time of application nor at the time of award. However, before a grant is awarded, FEMA validates that the grant recipient has provided sufficient evidence that the cost-share requirement will be fulfilled during the period of the grant award.

In general, an eligible applicant seeking a grant shall agree to make available non-federal funds equal to not less than 15 percent of the grant awarded. However, the cost share will vary as follows based on the size of the population served by the organization, with exceptions to this general requirement for entities serving smaller communities:

- Applicants that serve populations of 20,000 or less shall agree to make available non-federal funds in an amount equal to not less than 5 percent of the grant awarded.
- Applicants serving areas with populations above 20,000, but not more than 1 million, shall agree to make available non-federal funds in an amount equal to not less than 10 percent of the grant awarded.
- Applicants serving areas with populations above 1 million shall agree to make available non-federal funds in an amount equal to not less than 15 percent of the grant awarded.

The cost share for SFTAs will apply the requirements above based on the total population of the state.

The cost share for a regional application will apply the requirements above based on the aggregate population of the primary first due response areas of the host and participating partner organizations that execute a Memorandum of Understanding as described in Appendix B, Section J, Regional Projects, of the FY 2020 AFG Program NOFO.

On a case-by-case basis, FEMA may allow a grant recipient that may already own assets (equipment or vehicles), acquired with non-federal cash, to use the trade-in allowance/credit value of those assets as “cash” for the purpose of meeting the cost-share obligation of their AFG Program award. In-kind, cost-share matches are not allowed.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

Grant recipients under this grant program must also agree to a maintenance of effort requirement as required by 15 U.S.C. 2229(k)(3) (referred to as a “maintenance of expenditure” requirement in that statute). A grant recipient shall agree to maintain, during the term of the grant, the applicant's aggregate expenditures relating to the activities allowable under the NOFO at not less than 80 percent of the average amount of such expenditures in the two fiscal years preceding the fiscal year in which the grant amounts are received.

In cases of demonstrated economic hardship, and at the request of the grant recipient, the Administrator of FEMA may waive or reduce a grant recipient's cost-share requirement or maintenance of expenditure requirement. AFG Program applicants for FY 2020 must indicate at the time of application whether they are requesting a waiver and whether the waiver is for the cost share requirement, for the maintenance of effort requirement, or both. As required by statute, the Administrator of FEMA is required to establish guidelines for determining what constitutes economic hardship. FEMA has published these guidelines at FEMA's website: https://www.fema.gov/sites/default/files/2020-04/Eco_Hardship_Waiver_FPS_SAFER_AFG_IB_FINAL.pdf.

Prior to the start of the FY 2020 AFG Program application period, FEMA conducted applicant internet webinars to inform potential applicants about the AFG Program. In addition, FEMA provided applicants with information at the AFG Program website: <https://www.fema.gov/grants/preparedness/firefighters> to help them prepare quality grant applications. The AFG Program Help Desk is staffed throughout the application period to assist applicants with the automated application process as well as assistance with any questions.

Applicants can reach the AFG Program Help Desk through a toll-free telephone number during normal business hours (1-866-274-0960) or electronic mail at firegrants@fema.dhs.gov.

Application Process

Organizations may submit one application per application period in each of the three AFG Program activities (e.g., one application for Operations and Safety, one for Vehicle Acquisition, and/or a separate application to be a Joint/Regional Project host). If an organization submits more than one application for any single AFG Program activity (e.g., two applications for Operations and Safety, two for Vehicles, etc.), either intentionally or unintentionally, both applications may be disqualified.

Applicants access the grant application electronically at <https://go.fema.gov>. The application is also accessible from the U.S. Fire Administration's website, <http://www.usfa.fema.gov> and <http://www.grants.gov>. New applicants must register and establish a user name and password for secure access to the grant application. Previous AFG Program applicants must use their previously established user name and passwords.

Applicants are expected to answer questions about their grant request that reflect the AFG Program funding priorities, described below. In addition, each applicant must complete four separate narratives for each project or grant activity requested. Grant applicants will also provide relevant information about their organization's characteristics, call volume, and existing organizational capabilities.

System for Award Management (SAM)

Per 2 CFR 25.200, all federal grant applicants and recipients must register at <https://SAM.gov>. SAM is the federal government's System for Awards Management, and registration is free of charge. Applicants must maintain current information in SAM that is consistent with the data provided in their AFG Program grant application and in the Dun & Bradstreet (DUNS) database. FEMA may not accept any application, process any awards, or consider any payment or amendment requests, unless the applicant or grant recipient has complied with the requirements to provide a valid DUNS number and an active SAM registration. The grant applicant's banking information, EIN, organization/entity name, address, and DUNS number must match the same information provided in SAM.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

Criteria Development Panel Recommendations

If there are any differences between the published AFG Program guidelines and the recommendations made by the CDP, FEMA must explain them and publish the information in the Federal Register prior to awarding any grant under the AFG Program. For FY 2020, FEMA accepted, and will implement, all but two of the CDP's recommendations for the prioritization of eligible activities.

Adopted Recommendations for FY 2020

The FY 2020 AFG Program NOFO contains some changes to definitions, descriptions, and priority categories. Changes to the FY 2020 AFG Program NOFO include:

- Under Sections D—Application and Submission Information, E—Application Review Information, F—Federal Award Administration Information, G—DHS Awarding Agency Contact and Resource Information, and H—Additional Information:

Various grants management changes are due to the recent OMB revision to 2 CFR. In particular, changes regarding SAM registration, performance measures, procurement, closeout, and termination are included.

- Under Federal Award Information:

Period of performance for AFG Program awards is 24 months.

- Under Supporting Definitions:

Paid on-call/Stipend departments are added to the definition for Combination Fire Department.

- Under Application Tips:

Explanation of AFG Program-approved seated riding positions was added.

- Under Training Activity:

Rental of Audio/Visual equipment was added as eligible activity.

- Under Operations and Safety Activity:

Radio over Internet Protocol (RoIP) communication equipment was added as a Medium Priority.

Integrated thermal imaging cameras were added to the ineligible list under the PPE category.

- Under Modifications to Facility Activity:

Intruder alerting systems and deployment notification systems were added as ineligible.

- Under Regional Applications:

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

Guidance requiring purchases from same vendor added.

- Under Environmental Planning and Historic Preservation (EHP):

Updated process for EHP added.

- Under Award Administration Information (Appendix C):

Updated process for Economic Hardship Waiver added.

Excess Funds Restrictions specifies High Priority items as eligible under this option.

Updated instruction on supporting documentation is added for advance and reimbursement payment request.

Recommendations Not Adopted for FY 2020

- The CDP recommended that fire departments implement a requirement where National Fire Protection Association (NFPA) standards listed as 1582 physicals become a requirement for all awards. FEMA recommends evaluating the impact of this requirement prior to implementation. Data on fire departments' abilities to meet this standard was collected in the FY 2020 application. It will not be considered during the application review.
- The CDP recommended that FEMA adopt new definitions for career and combination departments to align with NFPA changes in the 1710 and 1720 standards. FEMA is unable to adopt this recommendation as it conflicts with statutory definitions.

Authority: 15 U.S.C. 2229.

Robert Fenton,
Senior Official Performing the Duties of the FEMA Administrator, Federal Emergency Management Agency.

Community Facilities Direct Loan and Grant Program

Direct Loan Applicant Guidance Book: PDF | Spanish

What does this program do?

This program provides affordable funding to develop essential community facilities in rural areas. An essential community facility is defined as a facility that provides an essential service to the local community for the orderly development of the community in a primarily rural area, and does not include private, commercial or business undertakings.

Who may apply for this program?

Eligible borrowers include:

- Public bodies
- Community-based non-profit corporations
- Federally-recognized Tribes

What is an eligible area?

Rural areas including cities, villages, townships and towns, including federally-recognized Tribal Lands with no more than 20,000 residents, according to the latest U.S. Census data, are eligible for this program.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

How may funds be used?

Funds can be used to purchase, construct, and/or improve essential community facilities, purchase equipment and pay related project expenses.

Examples of essential community facilities include:

- Health care facilities such as hospitals, medical clinics, dental clinics, nursing homes or assisted living facilities
- Public facilities such as town halls, courthouses, airport hangars or street improvements
- Community support services such as child care centers, community centers, fairgrounds or transitional housing
- Public safety services such as fire departments, police stations, prisons, police vehicles, fire trucks, public works vehicles or equipment
- Educational services such as museums, libraries or private schools
- Utility services such as telemedicine or distance learning equipment
- Local food systems such as community gardens, food pantries, community kitchens, food banks, food hubs or greenhouses.

For a complete list, see Code of Federal Regulations 7 CFR, Part 1942.17(d) for loans; 7 CFR, Part 3570.62 for grants.

What kinds of funding are available?

- Low interest direct loans
- Grants
- A combination of the two above, as well as our loan guarantee program. These may be combined with commercial financing to finance one project if all eligibility and feasibility requirements are met.

What are the funding priorities?

- Priority point system based on population, median household income
- Small communities with a population of 5,500 or less
- Low-income communities having a median household income below 80% of the state non-metropolitan median household income.

What are the terms?

Funding is provided through a competitive process.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

Direct Loan:

- Loan repayment terms may not be longer than the useful life of the facility, state statutes, the applicants authority, or a maximum of 40 years, whichever is less
- Interest rates are set by Rural Development; contact us for details and current rates
- Once the loan is approved, the interest rate is fixed for the entire term of the loan, and is determined by the median household income of the service area and population of the community
- There are no pre-payment penalties
- Contact us for details and current interest rates applicable for your project.

Grant Approval:

1. Applicant must be eligible for grant assistance, which is provided on a graduated scale with smaller communities with the lowest median household income being eligible for projects with a higher proportion of grant funds. Grant assistance is limited to the following percentages of eligible project costs: Maximum of 75 percent when the proposed project is:
 - Located in a rural community having a population of 5,000 or fewer; and
 - The median household income of the proposed service area is below the higher of the poverty line or 60 percent of the state non-metropolitan median household income.
1. Maximum of 55 percent when the proposed project is:
 - Located in a rural community having a population of 12,000 or fewer; and
 - The median household income of the proposed service area is below the higher of the poverty line or 70 percent of the state non-metropolitan median household income.
1. Maximum of 35 percent when the proposed project is:
 - Located in a rural community having a population of 20,000 or fewer; and
 - The median household income of the proposed service area is below the higher of the poverty line or 80 percent of the state non-metropolitan median household income.
1. Maximum of 15 percent when the proposed project is:
 - Located in a rural community having a population of 20,000 or fewer;
 - The median household income of the proposed service area is below the higher of the poverty line or 90 percent of the state non-metropolitan median household income. The proposed project must meet both percentage criteria. Grants are further limited; and
 - Grant funds must be available.

SENATOR PAM HELMING FIREFIGHTER AND EMS GRANT OPPORTUNITIES

Are there additional requirements?

- Applicants must have legal authority to borrow money, obtain security, repay loans, construct, operate, and maintain the proposed facilities
- Applicants must be unable to finance the project from their own resources and/or through commercial credit at reasonable rates and terms
- Facilities must serve rural area where they are/will be located
- Project must demonstrate substantial community support
- Environmental review must be completed/acceptable.

How do we get started?

- Contact your local office to discuss your specific project
- Applications for this program are accepted year-round
- Program resources are available online (includes forms needed, guidance, certifications)
- Request a Data Universal Number System (DUNS) number if your organization doesn't already have one. It should not take more than a few business days to get your number.
- Register your organization with the System for Award Management (SAM) if you aren't already registered. The registration is free, but you need to complete several steps.

Who can answer questions?

Contact your local RD office.

What governs this program?

- Direct Loans: 7 CFR Part 1942, Subpart A
- Grants: 7 CFR Part 3570, Subpart A

NOTE: Because citations and other information may be subject to change, please always consult the program instructions listed in the section above titled, "What Law Governs this Program?". You may also contact your local office for assistance.
