A Rally for Homeless Youth

We are calling on New York State to increase funding for homeless youth to \$4.75 million this year.

In 2012, kids were turned away from shelters more than 5,000 times because there wasn't enough space - a tenfold increase since 2008 when funding was cut by 66 percent. This winter alone, more than 400 kids have been turned away. **Our kids deserve a safe place to sleep.**
