

## Our City = Our Future

**Help shape our future by logging onto a computer or mobile phone and sharing your opinion about how to make our city better at [nyc.gov/ideas](http://nyc.gov/ideas).**

### Our City will:

**“Ensure every community has access to quality health care by creating more clinics.”**

**“Make sure our children have the skills they need to get a job.”**

**“Be cleaner and more energy efficient.”**

Every four years, New York City updates its plan to help address our long term goals.

**MAKE YOUR VOICES HEARD** and share your ideas for how our City moves forward.
