TRI-HAMLET RENAISSANCE PROJECT

An Unprecedented and Unified Effort To Transform Our Community

Dear Fellow Tri-Hamlet Neighbor,

Starting in the summer of 2011, I began to work with my fellow elected officials and other community leaders to design a collaborative plan to revitalize the Tri-Hamlet community.

Over the course of the months that followed, working groups spearheaded by local leaders examined every aspect of life in the Tri-Hamlet community. After an intensive and extensive public comment period, their hard work resulted in a blueprint to move our area forward.

Recently, the working groups' findings were presented to the public. The comprehensive Tri-Hamlet Renaissance Project report proposes new ways we can:

- Improve our infrastructure;
- Invest in economic development plans to grow our local economy;
- Enhance our quality of life; and
- Strengthen public safety

To view and download the complete report, please visit www.zeldin.nysenate.gov.

We live in a great community, but we must always continue to strive towards a brighter future. This comprehensive plan is only the starting point of the Tri-Hamlet Renaissance Project, a plan of action that hopefully will provide lasting results for generations of Tri-Hamlet residents to come.

Sincerely,

A handwritten signature in black ink, appearing to read "Lee M. Zeldin".
