

Grade: 2 | If Everyday Was Earth Day | By: Abigail D' Alessandro OLGc

If everyday

was Earth day, my lawn would be
so green. I'd get to play outside, the air
would smell so clean. If everyday was Earth
day, my flowers would grow so tall. I'd get to play
outside in summer, spring, and fall. If everyday was
Earth day, the sun would shine so bright. I'd get to
play at the beach, and even fly my kite. If everyday was
Earth day, we all would lend a hand. We would make litter
disappear, from our beautiful land. If everyday was Earth
day, we would try harder to do right. Reduce, reuse,
recycle from morning until night. If everyday was
Earth day, my children's children can run free too.

Treat everyday like Earth day,
and it starts with
ME and YOU!
