

I think every one should
clean the earth. Especially you!
If you keep the earth dirty it
can hurt you and the searths
and it can make it stinkier.
If you are on a beach and
step on garbage you can get
hurt and it can be gross.
Pickup garbage. if you see
it so it does not blow into the
Ocean and hurt the sea life!
If you think it is gross
to pickup put on gloves.
protect yourself and please keep
it clean! C. P. P.

happy
earth
