## **LEGISLATION**

**The following legislation was referred to the New York State Senate Infrastructure and Capital Investment Committee during the 2017 Legislative Session:**

**S2042 LITTLE**

Enacts the "wireless broadband eligible facility permitting act" to provide for uniform regulation of certain wireless facilities

**S3091 PARKER**

Relates to encouraging public-private partnerships to help spread broadband deployment

**S3774A MURPHY**

Enacts the "New York state water infrastructure relief act"

**S4152 PHILLIPS**

Relates to requirements for metropolitan transportation authority hearings for proposed fare increases, major reductions of transportation and/or major service changes

## **PUBLIC MEETINGS**

On March 13, 2017 the Committee held a public meeting to examine the project delivery method known as design-build and examine executive budget proposals related to design-build.
