

Don't Litter!

the Earth?

Recycle!
Reuse!
Refuse!
Reduce!
Rot!

Refuse

If you're given the option of taking an item that you don't need, the best option is to refuse it.

Example: refuse plastic bags

Reuse

Use less items by reusing them instead of buying more that will end up in landfills.

Example: reuse items like bags, bottles, etc.

Reduce

Use less, don't use as many non-recyclable items.

Example: Choose Paper over Plastic whenever possible.

Recycle

Recycle items that can be recycled and recycle items into their proper bins.

Example: Recycle cans into metal bins, plastics into the plastic bin, and cardboard to paper bins.

Rot

Turn items into compost or set up your own composting bin

Example: Turn your kitchen scraps into compost
