

Ode to recycling

By:Analeis Pula

Oh recycling, of recycling
Recycling you save our planet
Recycling you make trash into a whole new thing
Recycling you are like a smashing machine
Recycling you are big, reusable and you are put in piles
Oh recycling, of recycling
Thank you for being reusable
Recycling you are amazing, saveable and remarkable
You are so special that the earth would be trash without you
Oh recycling, oh recycling
Our lives would be gone without you
