

The 5 R's of ZERO WASTE

Refuse

Refuse means like when you are going to the store, workers give you plastic bags, but you do not take it.

Reduce

Reduce means to decrease amount of plastic you are using

Reuse

Reuse means to use something more times even though it's using is over

Recycle

Recycle means to collect specific type of things like plastic to make something new from its material

Rot

Rot means when you leave some food that you didn't eat, you should mix with other food and then you can put it into soil.
