What I Am Thankful For

Hi, my name is Jacob Vargas from PS24Q in class 5-418, and I am here to tell you about what I am thankful for. One thing I am thankful for is my family because they take care of me and I love them. Another thing I am thankful for is culture because without it I wouldn't be who I am without religion.

In this paragraph, we will be talking about why I am thankful for my family. One reason I am thankful for my family is that they take care of me by feeding me. My mom and dad give me all the important meals of the day, so I am all healthy. Another reason is that they buy me stuff I need like clothes, things for hygiene, school supplies, and toys for me to keep me busy.

In this 2nd paragraph, I will talk about why I am thankful for my culture. One reason I am thankful for my culture is that I can believe in god for good things to happen to dead family members in the afterlife. For example every Chinese New Year we offer food to dead family members and pray for them. Another reason I am thankful for my culture is that it is part of who I am, without my culture, I could be someone who acts different and looks different.

In conclusion, I am thankful for my culture and my family. So that raps it up for this short essay. Bye 🙌👋(-_ _)/🎵
