

What I Am Thankful For

I am **thankful** for my dog who was named **Spot**
He was the best dog an eleven year old could have asked for
He was *kind* like a sweet person
He was *gentle* like a bunny
He was *protective* like a wolf
He was also *always tired* like a hibernating bear

He would sit on my rug
Waiting for me to cuddle him on my bed
His cries would wake me up for a snuggle
I am **thankful** for his playfulness
I am **thankful** for his leadership
I am **thankful** for the years we spent together

I *miss* him taking care of me when I was sick
I *miss* his protection when I was in fear
I *miss* laying my head on him as he felt like a floating cloud
I *miss* our fishing trips with him and Grandpa
I *miss* the tug of war fights between him and Toby over the new toys
I *miss* our walks and runs together through the park

Spot, I hope you had fun crossing the rainbow bridge

Spot, I hope you are having all the *carne* you want

Spot, I hope you are playing with your rope

Spot, I hope you found your brother, Mickey, up there

Spot, I hope you know Toby and Max miss you too

Spot, I hope you know how **thankful** I am for the years that we shared and that I love you
