

# What am I thankful for?

Our Lady Good Counsel School

Grade 6

By Eleanor Donovan

There are so many things I am grateful for like my grandma, my family, and so many more. I'm thankful for my grandma because she is very sage, caring, and loving. I know she is loving and caring because she is always checking in on me, texting me, and she said to me once "I could never leave without saying goodbye to my Eleanor" and that makes me really happy. I know she is sage because she always tells me not to do bad stuff and the rest of my cousin's not to do bad stuff.

I'm thankful for my mom and dad because they love me, provide me shelter, provide me food, and they also take care of me. They also buy a bunch of stuff for me. They buy me equipment for sports. They pay for me and my siblings at school. They are the best parents ever.

I'm thankful for my cousin grace. I'm thankful for my cousin grace because she is so nice to me, always taking care of me, and always makes sure I'm okay. She always tells me when she found out my mom was pregnant with me she wanted to call me baby sheep and she even does sometimes. She is like the older sister I never had.

Last but not least I am thankful for my siblings. I am thankful for them because I always hoped I would get a younger brother and sister and I did. Everyday is new and exciting with them. In Conclusion I have many things in my life to be thankful for.
