What are you thankful for?

I am thankful for a lot of things but here are some specific things that I am thankful for, my family, if I didn't have my family I would have nothing!

Another thing I'm thankful for is me being able to be in a really good school that really educates you and teaches you a lot of really fun stuff.

And I'm also really grateful for the shelter I am covered by, food on the table and a lot more because it's really sad to see homeless people and how they have nothing but yet they're really still happy!

And I'm so grateful for my friends because they always keep me happy when I'm sad and are really fun! I'm also really grateful for this one because I love parks because there isn't much grassland anymore. It's really just buildings now but I'm so glad that they left some parks because I love going to the park. This is most of the stuff I am grateful to be able to have!
