### What I am thankful for

I am thankful for my family because they are always there for me. Also when I have a basketball game they always cheer me on. Next whenever I'm upset they always cheer me up. Then if I'm having a bad day they would always make it a good day. That is why I'm thankful for my family.

I am thankful for my friends because they always pick me up whenever I fall. Then when no one wants to play with me they always come over to me and play. Next if someone is being mean to me they always tell them to back off. Finally I am thankful for my friends because they are always so nice to me and so kind. So that's why I am thankful for my friends.

Another reason why I am thankful for my family is because they are always so loving. Next is because they gave me everything even when I say it's fine I don't really need it they still get me it. Also they are really loving and they never get mad at me. This is exactly why I am so thankful for my family.

These are the reasons why I am thankful for my family. Also these are some reasons I am thankful for my friends. Thank you for taking the time to read this.
