# **What am I thankful for**

I am thankful for a lot of things. I am thankful for my house because it keeps warm during the winter and cool during the summer and gives me shelter. I am thankful for the food and water I get to eat and drink. I am thankful for nature because of all the animals and fish and all the trees and how they help the environment. I am thankful for my parents because they keep me safe and cook me food.

I am thankful for the police, firefighters, and paramedics and how they protect all people and how the firefighters put out all the fires and wildfire and how the paramedics save people lives. I am thankful for the army, marines, navy, airforce, and coast guards all protect us even when a country goes to war they will still protect us no matter the cost. I am thankful for my school because it helps me learn all the things I need to do when I grow up.

I will always be thankful for the school and teachers that I go to and learn from for what I need to know for when I'm older. I am also thankful for my friends because I always have fun with them.

I will all ways be thankful for all the stuff my family helps me with. My family also helps me with stuff I need to know when I grow up. My parents feed me, help me with my homework, and alot more. When ever I need help my parents will help me.
