

What am I thankful for?

By : Liam Rosado

I am thankful for having a blessed life and being able to attend a very good school. I am thankful to be in this situation and all the hard work that I have put in to make it happen. I can give a big thanks to my dad and mom for giving me all the materials, and helping me. They have also been there for me with my ups and downs.

I am thankful for my Dad. He is very important to me and helps me with my baseball dreams. He wants me to do the best I can do in life and make sure that when I am all grown up that I have what it takes to be the best.

I am thankful for my Mom. She always brings me to baseball practice, watches every game and motivates me when I am upset. She helps me with my work. That means alot to me and I could not thank you more for all the stuff that you have done for me in life.

I am thankful for my sister Emma. She is always watching me and cheering for me when I am playing baseball. My sister always cheers me up when I am in a bad mood and she always gets me stuff from the store because she knew that I was gonna like it. I love my sister more than anything and I would do anything for her so that she does good in life too.

I am thankful for my grandparents because they are always watching over me and my sister. I want to thank my Wella for always picking me up from school, feeding me food, watching me do cool tricks in the pool and always joking around with me. When we were in the car we would always talk about how school was and she would take me and my sister to the park when it was a nice day and she would always give us candy. She always comes to our house for Thanksgiving and she helps wash the dishes and cook the food with us. We would have a good time. I want to thank my PopPop and Mamar because they always take me and my sister Upstate and fish with us. They always get firewood for us to make a campfire and I would drive the doom boogie around and we would have a good time. They always come down to visit because they wanted to see my birthday and see me grow and become taller and they love me very much.

In conclusion, I am thankful for all of my family members. They are supporting me in life, because they want me to do good in sports and they also want me to have a good life when I am all grown up. They want me to be a successful person and my mom and dad are giving me everything that I need to be set in life.
