

What Are You Thankful For?

I am thankful for my parents. This is because of all the things they do for me.

One thing I am thankful they did for me was put me in travel soccer. When I have a soccer game they are always there for me, and every day they take me to practice. I am also thankful for them taking care of me. They take me to school, feed me, give me shelter and many more things for my well being.

Another thing I am thankful for is my teachers. They also do a lot for me. If I ever don't understand something they help me. They support my learning and are always kind in doing so. They are teaching me to become a better person every day.

The last thing I am thankful for is my coaches. This is because they help me become a better athlete. They also make the sports I play more fun. I love being an athlete and so I appreciate their teaching all the time. They encourage me to not only be better on the field or court but also in my everyday things too, like friendship and being good student.

These are the different things that I am thankful for. I am thankful for all of the things I have in my life, but also, and mostly for the people who I have in my life. These people are important to the person who I am and will be in the future.
