I am thankful for my family
even though they can be a little annoying

I am thankful for my friends
Even though we can have some disagreements

I am thankful for my house
Even though i have to clean it

I am thankful for my clothes
Even though they can sometimes be tight

I am thankful for school
Even though it can be boring

I am thankful for my pets
Even though they bite

I am thankful for life
Even though it can be stressful

I am thankful for food
Even though i hate some food

I am thankful for my brother
Even though he can be annoying

I am thankful for devices
even though they can be dangerous

I am thankful for money

Even though if we spend it there's no more
