

*Thank you family that treats me like a loved one every single day.  
Having a awesome family, present and past teachers, and friends!  
And thank you everyone for treating me awesome!  
Now till forever when someone smiles they will put a smile on my face too.  
Kindness and joy spread across everywhere I go.  
Full houses of freedom and laughter and no despair.  
Uncles and aunts coming with extra joy!  
Lots of things to be thankful for.*
