Thanksgiving reminds me of everything I'm thankful for. I appreciate my family, friends, and education.

I'm especially thankful for my family because they keep me safe. Also they feed me. They make me feel better when I'm hungry. They give me fun stuff to do. Finally they give me an education.

I also appreciate my friends because they make me happy. They play with me when I have nothing to do. They also cheer me up when I'm upset. In addition they help me when I can't do something. Finally they are there for me.

Finally, I'm grateful for school because it teaches me. It helps me gain new friends. It teaches me different languages and will help me get through life. Also school always makes sure I am learning. Finally, school does competitions that I can win things in, which I love to do.

As I enjoy this holiday season I realize that I have many reasons to be thankful. Family, friends, and education are just a few of the blessings in my life.
