Thanksgiving reminds me of all the people and things I'm thankful for. I appreciate my family, my home, and my friends.

I'm especially thankful for my family because they give me love when I'm lonely. Also because they keep me healthy so I don't get sick. Another reason is they support me when I'm feeling down or upset. In addition, they help me when I get mad. Finally, my family buys me clothes and shoes so I can go outside.

I also appreciate my home because it has a bed for me to sleep on. Also, we have a fridge and freezer so we can eat. Another reason is it has a couch and pillows for me to sit on and watch TV. In addition, it makes me feel safe because we have a lock on the door and nobody can get inside. Finally, my home has cameras on the front and inside my house to see what's going on.

Finally, I'm grateful for my friends because they get me back up when I'm hurt. Another reason is they motivate me when I'm in a competition. Also they care about me. In addition they stand up for me when people are being rude to me. Finally, they don't want to fight with me because we don't like getting into

Fights because later it will get serious.

As much as enjoy this holiday season, I realized that I have many reasons to be thankful. My family, my home, and my friends are just a few of the blessings in my life!
