Thanksgiving reminds me of all the people and things I'm thankful for. I appreciate family, friends and education.

I'm especially thankful for family because they care for me and give me a good home. They help me with homework and clean and help me do well in school. My family gives me clothes. They also give me lots of protein to stay healthy. Also they give me water to stay hydrated. The most important reason of all is that they gave me life.

I also appreciate my friends because they are very kind. My friends are also very helpful to me. All my friends are very, very friendly. Also all my friends care for me a lot. My friends have fun with me and I have fun with them. Last of all they make me laugh all day long.

Finally, I am grateful for education because it gives me knowledge and makes me smart. Overall education will help me in the future.

AS I enjoy this holiday season I realize that I have many reasons to be thankful. Family, friends, and education are only the few blessings in my life.
