

I Am Thankful For

I am thankful for my teachers because I love how they are nice. Another thing I'm thankful for is my cat because my cat is 4 years old and I really love him so much. I am happy my cat is still alive. I hope I always have him.

I am also thankful for my elementary school because I have been in this school for 6 years. I am really sad to leave this awesome school. Next year I will be in Middle School.

One more thing I am thankful for is my friends. My friends have been here for 6 years. I'm really happy that I have been able to go to school with my friends for so long. I have about 4 best friends and 13 friends. I hope they never move.
