I'm thankful for god spirit I'm thankful for god's son and thankful for my friends and foes. plus everybody around me. I'm thankful for having a roof over my head and able to succeed in this world.

having a father and mother who cares that listen to you and actually does something about it and bring my wishes true. And who makes me smile when I'm down. I really appreciate how my sibling and others cares.

I'm thankful for having food on the table and having a thanks giving meal and having to wake up every morning with food on my table.

Thank you for always being with me.
