I am thankful for my family  
Because they were there for me since I was born.  
I'm happy with my life, and family. My sister would  
play with me a lot, so im thankful for her too! This  
life is great so far, and my family is doing  
great too. It is, lovely my family gets a bit but  
that's okay. I love my animals! My family is great and  
nice. My family tries to cheer me up when I am  
sad. They get me presents on my birthday, and we  
have cake too! They bring me on trips sometimes like  
to the water park, and the fair and its fun. They got  
me and my sister on christmas. thats why i love  
christmas. My s.s is kind to me sometimes and  
we play horror games, and other scary games.  
My mom wants to dress my puppy up and  
I think my dog would look ridiculous but she  
thinks its not goofy but it is weird. Really  
weird. They are a nice family but  
its kinda weird that my mom  
wants to dress my dog up but its  
fine but its weird really weird. But  
my family is really nice
