

“Thanksgiving” by Alejandra

Thanksgiving to me is about a day where you are with your family and everyone is laughing together. Even though I don't celebrate Thanksgiving I think it is still important to spend time with your family. Many families go around the table and say what they are thankful for. Many people might say their parents, many might say their friends, but for me I would say family because for me friends are family and the opportunities I get. Thanksgiving for me is a day where you appreciate everything, even the small things.
