

What are you thankful for this year?

I'm most thankful for my mother. My mother is the light to my life and the moon to my stars. My mom always gets me through the day. Whatever happens in my life she is always the first one to know. For example, if I got a 100 on a really hard test I make sure to tell her. I might be really mean to her but I love her more than anything. She wants the absolute best for me and I love her for that.

My mom always tries her best to provide for me and my brother. She had a very hard life because first she had me at 19 in Poland and when she turned 21 my dad, my mom and I moved to America. I was about 3 years old. We first lived at my aunt's tiny apartment and then a year later we found a little place that we lived in for 2 years. When we moved, 10 months later my mom had my brother.

My mother works, cleans and also helps my brother with homework. So I do say she is very hardworking. In my opinion, she is the most beautiful person in the entire world and looks after the welfare of my whole family. She imparts moral values and ethics to me and shows me the right paths of life. I love my mother very much and I'm very much sure you could see because I would absolutely do anything for her even if she can't tell.
