

Thankful

By: John Eisele

I am thankful for many things. I am thankful for my family, music and YouTube.

One reason why I am thankful for my family is they will support me through everything in life. Another reason I am thankful for them is because they will buy me things I want. One final reason why I am thankful for them is they will love me forever

Also, another thing I am thankful for is music. I am thankful for music because it gives me something to watch. Another reason why I am thankful for music is it gives me something to read about. One final reason is that it helps me relax.

Finally, I am thankful for YouTube. One reason why I am thankful for YouTube is that I can watch music videos, concerts and awards show performances. Another reason why I am thankful for music is that it gives me background noise. One final reason why I am thankful for YouTube is that I can watch FailArmy, a channel where you can find hilarious (and sometimes painful or weird) fails.

Those are three things that I am most thankful for. Hope you enjoyed reading!
