

**By Charlotte Furman**

I am thankful for my family because they help me through rough times and they support me with dance, they bring me to my classes and they bring me to competitions.

I am also thankful for my dog, Sasha. Whenever I'm bored she cheers me up, she plays with me and I always take her on walks.

I'm thankful for dance. I do it almost every day and my dance teachers, Ms. Alasya and Ms. Carolyn are so nice, and they help me improve. I feel like I live there now.

I'm thankful for school because that's where I learn and get good grades. I also like my teacher Mrs. Augelli. She is my favorite teacher. She's also my last teacher in elementary school.

That's what I am thankful for and why.
