What I Am Thankful For This Year

This year I'm thankful for a ton of things and a ton of people like my family and friends. First up I am grateful for my family, they take care of me every day, they put a roof over my head, food on my plate, and water in my glass. They help me if I'm sick, they comfort me and we always have a good time. They also cheer me up when I'm sad and I go to an amazing school. Now I'm going to talk about my mom. I love her so much she cares for me. She's always been there for me through my highs and lows. She always supports me and works very hard. That is why I'm thankful for my mom. Next, I'm grateful for my dad because he's hilarious-. We always play together, have the best time, and go everywhere together. He also supports me, I love him very much, he cares for me and he's been there for my highs and lows. He helps me with everything and he also works very hard. Next, I'm thankful for my step dad. He is so funny and kind. We go on trips together and have fun. I don't know what life would be like without him. He cheers me up, makes me laugh, plays games with me and always cares for me. Next, I am thankful for my siblings even though we fight a little, they always cheer me up. I have 5 siblings. They are all funny and we always play together. Next, I'm grateful for my friends. They are so funny and we always have a good time together. I'm thankful for the sports I play because I make new friends, have a good time, and love the sports I play so much. These are all the things I'm grateful for.
