

Mother

I am most thankful for the woman who gave me life
Am grateful for all of the sacrifices she has made
Most important woman in the world.
Thankful for the clothing and food she gives me.
For the things she's done such as support me and be there for me emotionally.
The challenges she has faced has shaped her into a parent that shares insight.
Woman of my life who is number one.
Who granted me everything I could possibly need.
Gave her all for me
Me and my mother for
Life.
