

Lily

I am thankful for a lot of things in my life.

But most of all I am thankful for my family.

But I will share some other things I am thankful for.

One thing I am thankful for is my teacher. She has

let me learn a lot and help me if I am stuck. Another

thing I am thankful for is my best friends Emmalyn and

Ariella they are always there when I need them.

Also I am thankful for the great food that my dad

cooks. He never makes a bad dish. One last thing I

am thankful for is my home. I am so glad I have

a home. I do have to share but I will end there.
