

# I'm So Thankful!

Name Asher Adam Sayer

Date 11/8/24

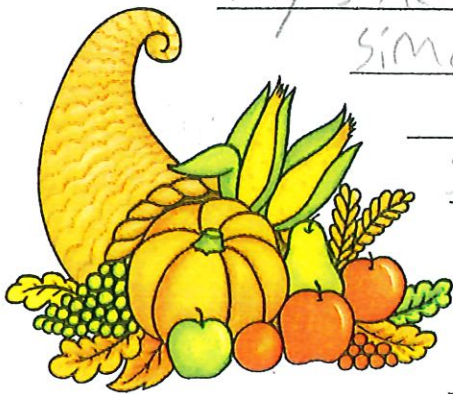

# Thanksgiving love

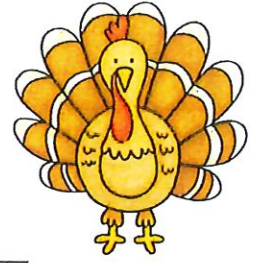

By Asher Adam Solfer

When it was the year 1863 Abraham Lincoln made Thanksgiving a holiday. On Thanksgiving I celebrate with my family. The food changes every year so I do not know what we will eat this year. I go to the Catskill Mountains every year. I am really thankful for my family and Mazel Day School.

I am thankful for my family. My mom is helpful because she helps me with my homework. My dad is kind because he gives tzedakah and helps poor people in need. My cat loves every body and does not scratch anyone. My sister Berta is creative. She paints a lot. My sister Adel is smart she works hard and studies. My sister Milana is nice. She shares her toys. My sister Liana is always happy. My brother Simon is cute because he says hi.

I am thankful for Mazel Day School. Mazel Day School is a good school because all the kids are friendly. We have lots of subjects like gym and art. I'm grateful

For Mazel Day School because  
we learn important things. For  
example we learned how to divide in  
Math class.

Over 150 years ago President  
Lincoln decided that Thanksgiving  
is a holiday. On Thanksgiving I get  
together with my whole family. I am  
grateful for my family and Mazel Day  
School.
