Thanksgiving rocks

by Benjamin Azayev

In 1620 the wampanoag and the pilgrims celebrated their first harvest with a meal. In 1863 Abraham Lincoln made it an official holiday. Now families have a chance to get together and share what they are thankful for. On Thanksgiving I either got to my moms or my dads side or I might go on vacation for the brake we have at school.

I am thankful for my house my family and sports. I am very thankful

I'm thankful for my house, it keeps me from getting cold and gives me somewhere to

live. I'm also thankful because I have

space to put my belongings. I'm

also grateful because I like

the design. I have somewhere

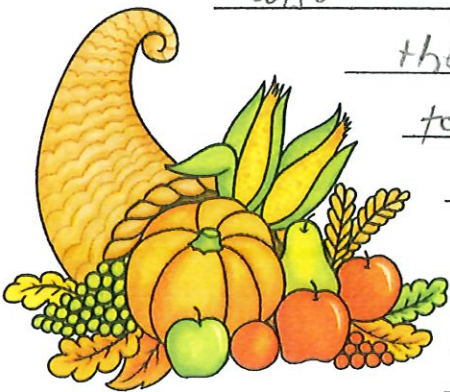

to play games, to sleep and

be safe that is why I'm

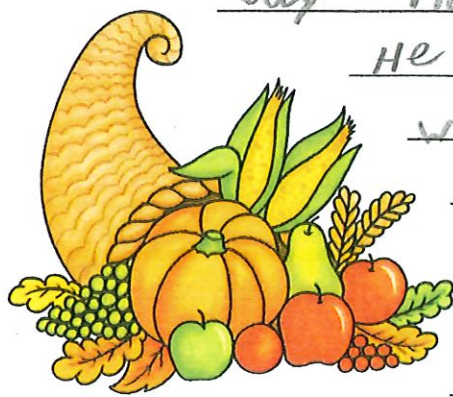

thankful for my house.

I am very grateful

for my family I am

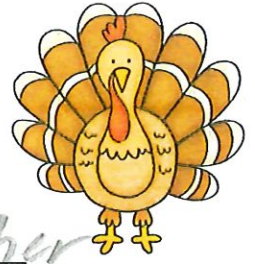

thankful for my mom because she always takes care of me when I am sick and most of the time makes me food when I'm hungry I am thankful for my dad because he always takes me to places and plays cards with me. Another reason is he always me to watch takes me to watch Sunday afternoon football to restaurant with lots of televisions to see if the Giants do well (which never happens) and if the Vikings or Ravens do good (which always happens)! I am thankful for my littlest because he is the cutest person in the world and he likes me the most in my family. Another reason is that no matter what I am doing he finds me and say "Bed; Can you play wit meeee?" I can't say no so I go with him.

He always wants to play with me and hang out with me. I am thankful for my other brother because he always goes to karate and other

places with me. He also always follows what I do and supports me. Another reason I'm thankful for my other little brother is that he plays soccer with me and he is really fast. That is why I'm thankful for my family.

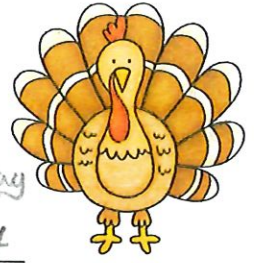

I am thankful for sports. It keeps me from being bored and doing nothing all day. I also get really excited when it's time to play. I make friends when I play too. It makes me want to become professional in some sports. My favorite sports are soccer and football.

My favorite soccer team is Real Madrid. and my favorite team in football is the Giants. That is why I'm thankful for sports.

For a long time we have been

celebrating this holiday for
over 400 years since the Wampanoag
and the pilgrims had the first

Thanksgiving. For Thanksgiving I go to different
places and do different things every year.
My house my family and sports
are great things in my life
